REFERENCE(S)

EGFW-11009, 27 July 1960 (not sent Munich)

1. As was indicated in the Reference, we are interested in clarifying the status of Marije HOLLE, a Latvian who managed to repatriate to West Germany in the spring of 1959. Provisional Operational Approval to contact and debrief HOLLE was granted on 28 July 1960. From information available at Headquarters, it seems quite likely that HOLLE was probably given an assignment by the HSB prior to his repatriation. In any event, we believe that contact with him is the best way to clear up the speculation surrounding his arrival in the West. HOLLE has stated to [] that he is extremely anxious to have [] visit him and it is []'s opinion that HOLLE has information of interest to MEARS. [] has already informed HOLLE that HOLLE will probably be contacted by a friend of []. HOLLE has replied that he would welcome in his home any envoy of [].

2. We would like to amend the suggestions that were set forth in paragraphs 2 and 3 of the Reference and offer, as an alternate suggestion, for your consideration and concurrence, the idea of having [] of the Munich Base make the contact with HOLLE. [] has been on TDY at Headquarters and plans to return to Munich within the next few days. If our suggestion of using [] for this assignment meets with your approval, it is requested that you cable Munich to that effect. [] has been briefed in detail on the HOLLE complex, he has met and visited with [] and his family in order to adequately familiarize himself with []'s personal life so that he can talk with HOLLE as a bona fide friend of []. Your expeditious consideration of this idea will be appreciated.

3. There is attached herewith as Attachment A a short biographical resume on HOLLE. As separate cover Attachments B and C, we are forwarding (1) extracts from information that we believe has a direct bearing on HOLLE's suspected activities and (2) a list of the true names of the Identities.

4. Munich: If our amended suggestion contained in paragraph 2 above meets with the approval of PCB and COS, Germany and if it is concurred in by your, we will forward, via VIP pouch, [] letter of introduction, in alias, for [] to use in initiating contact with HOLLE. We will also forward some personal photographs provided by [] to assist [] in establishing rapport with HOLLE.

Bartjo BRILL was born about 1901-02, the son of a well-known doctor in Nuremberg, Germany. His father died about 1930 and his mother married ALFRED JENNICH. From this marriage was born a daughter who is the step sister of Bartjo BRILL. In June 1941, Bartjo BRILL, his mother (Mrs. ALFRED JENNICH) and his step sister were deported to Altona. There was no further news about Bartjo BRILL until 1955 when his relatives in the Free World learned that he was working as a foreman for a lumber enterprise in Altona, had married a Latvian girl and was enrolled in the University of Moscow's extension program. Subsequently, it was learned that he was graduated from the University of Moscow in 1956 or 1957. It was also learned that he had been permitted to return to Latvia with his wife and two children in 1956. However, he was unable to find a job and he and his family returned to Altona where he worked in the Lignite mines for 2,000 rubles a month. One year, he returned to Nuremberg for forced employment with a construction crew and resided at Hausman 101a 9 until his repatriation to East Germany in April 1959. After BRILL arrived in West Germany he managed to get his wife and children repatriated. However, to date, he has not been successful in his efforts to have his mother, Mrs. ALFRED JENNICH, repatriated and also residing in Latvia. BRILL's present address list number is 10101a-10101b, West Nurem 3, West Germany. Present address list number is 10101a-10101b, West Nurem 3, West Germany.

1. ANRIAS/2, a KUBARK HUNGARY agent who was infiltrated into Latvia in May 1953, was spotted for KUBARK by Alfredo HUNGARY, the step-father of Marijs NELLE. The initial approach to ANRIAS/2 for KUBARK was made by [] ANRIAS/2 knew the true name of [] (IDENTITY 1), and that [] was employed by KUBARK. He also knew the true names of [] brother (IDENTITY 2) and sister (IDENTITY 3) []. ANRIAS/2 was also aware of the presence in Latvia of Alfredo HUNGARY's wife, daughter and step-son (Marijs NELLE). In September 1957 Moscow Radio announced the capture of ANRIAS/2.

2. ARCAMBARD/2, a KUBARK HUNGARY agent who was infiltrated into Latvia in May 1954, knew [] (IDENTITY 1) true name and that [] was employed by KUBARK. ARCAMBARD/2 was, most likely, also aware that [] brother and sister (IDENTITIES 2 and 3) []. ARCAMBARD/2 was, likewise, aware that Alfredo HUNGARY was in contact with KUBARK and he possibly knew that HUNGARY's family was in Latvia. In September 1957 Moscow Radio announced the capture of ARCAMBARD/2. (Note: See paragraph 5a below for additional details of the operational activities of ARCAMBARD/2 after his arrival in Latvia on a mission for KUBARK).

3. In 1956 HUNGARY informed KUBARK that, as a result of their interrogations of several of their HUNGARY agents who had managed to infiltrate from the Baltic countries, they had concluded that all of their Baltic assets in these countries were controlled by the KIS—possibly from the beginning but at least as early as 1949. It is known by KUBARK that a large segment, if not all, of the KIS net in Latvia was centered around ARCOB/10 (IDENTITY 4), ARCOB/7 (IDENTITY 5), ARCOB/7's brother (IDENTITY 6) and ARCOB/7's brother-in-law (IDENTITY 7). In the fall of 1958, a staff employee debriefed a former KIS HUNGARY agent now residing in PEPPER. As a result of this debriefing, it was established that ARCOB/10 (IDENTITY 4), ARCOB/7 (IDENTITY 5), ARCOB/7's brother (IDENTITY 6) and ARCOB/7's brother-in-law (IDENTITY 7) were in the employ of the KIS and that ARCOB/7's brother-in-law (IDENTITY 7) is a staff employee of the KIS.

4. ARCOB/10 (IDENTITY 4) on more than one occasion asked his mother in Sweden to request Alfredo HUNGARY to write to his wife (the mother of Marijs NELLE) in Latvia, send the letter to ARCOB/10's mother who would, in turn, forward it to ARCOB/10 in Latvia for delivery to Mrs. HUNGARY.

9. (a) **ANCON/4 (IDENTITY 8)** is a legal resident of Latvia who was reported by **ARMANAK/2** as having been recruited for **ARMANAK** in the late summer of 1954. According to **ARMANAK/2**, **ANCON/4 (IDENTITY 8)** was trained in the elements of reporting, briefed on requirements, provided with S/W supplies to communicate with **ARMANAK** and given recognition signals for future contacts.

(b) **ANCON/4 (IDENTITY 8)** has a wife and teen-aged son who live in **RUSSIA**. As a result of information obtained by **ARMANAK**, it has been learned that in May 1957 **ANCON/4 (IDENTITY 8)** telephoned from Riga, Latvia, to his wife in **RUSSIA** for the purpose of asking her to allow their son to visit him in Latvia. This she refused to do. It is interesting to note that this telephone call was made in May 1957 and that in September 1957, **Radio Moscow** announced the capture of the two **ARMANAK** agents, one of whom, namely **ARMANAK/2**, had reported that he had recruited **ANCON/4 (IDENTITY 8)** for **ARMANAK**. This reported recruitment could have been notional since it is possible that **ARMANAK/2** was apprehended shortly after his arrival in Latvia.

(c) **ANCON/4 (IDENTITY 8)** is well acquainted with ☐ **(IDENTITY 1)** brother and sister **(IDENTITIES 2 and 3)**. He is also acquainted with **ANCON/10 (IDENTITY 4)** and **ANCON/10's** wife.

(d) **ANCON/4 (IDENTITY 8)** is known to be acquainted with **(IDENTITY 9)** who is one of the Latvians with whom ☐ ☐ reported that she was in contact during her visit to Latvia in the summer of 1959 (See: **HSW-938**, Paragraph 4).

(e) **ANCON/4 (IDENTITY 8)** was known to **ARMANAK** to be in contact by mail with **ANCON/1 (IDENTITY 10)** who lives in **RUSSIA**. **ANCON/1 (IDENTITY 10)** received mail from and wrote to **ANCON/4 (IDENTITY 8)** via a cut-out, **ANCON/2 (IDENTITY 11)** who lives in Germany. **ANCON/1 (IDENTITY 10)** was recruited by a staff employee to act as a live letter drop for the receipt of operational mail from **ANCON/4 (IDENTITY 8)**. Through a controlled source, **ARMANAK/1**, **ARMANAK** learned that **ANCON/7 (IDENTITY 5)** was aware of **ANCON/1's** **(IDENTITY 10)** overt mail channel to and from Latvia.
